kingedmundactually-deactivated2 asked:

Weird question: how many people were actually in the room during "Happiness" and how many takes did it take you guys to keep it together? XD

harmlesstea-deactivated20181028 answered:

People in the room: Tanner, Mandy, Solange, Alicia, me.

People sent to Starbucks while filming was happening: Ravyn, Lucy.

Takes: We kept it together really well except during the rehearsal. There were 17 total, if memory serves.
