Fred and I want to keep in touch while I'm away (I'm at Redmond in toronto, he's studying engineering in regina) so we've made a youtube [channel](#).

and because we're in love with music, we're making weekly playlists for each other. I mean, Fred made one for me for the plane ride, and I decided I should make one for him next week. So...

[My 8tracks](#)

[Fred's 8tracks](#)

And now I'm all alone in my dorm room feeling a little nervous because my parents are checked into a hotel and in a few days I'm going to be saying goodbye to them for the next two months.

okay that's enough rambling, here's my favourite picture of me and fred because I miss this boy:
